CARRANZA TO STEP DOWN AND OUT

Head of Mexican Republic Will Bow to Result of Peace Conference

GUITERREZ TO PROTECT VERA CRUZ FOREIGNERS

Report Denies that Attack on American Troops at Sea Port has Been Ordered

WASHINGTON, Nov. 7.—President Carranza will not defy the Agua Calientes Peace Conference, but will resign as requested, according to dispatches received today by the State Department. He plans to soon go to Vera Cruz, it is understood.

State Department agents in the state of San Luis Potosi, where the new provisional president, Guiterrez, is chief executive, will be asked to negotiate with Guiterrez to insure the safety of foreigners at Vera Cruz when the American troops leave, and also to reach some agreement with General Funston regarding the customs receipts. Rafael Zubaran, head of the local Constitutional agency, today formally denied the reports that Carranza had ordered an attack on the American troops at Vera Cruz.

The State and War Department officials also denied that such attacks were anticipated.

The latest reports here are that Guiterrez has promised to protect life and property at Vera Cruz.

FEDERAL ORDER MAY OPEN COTTON TRADE

NEW YORK, Nov. 7.—After first deciding to refuse to grant the order, Federal Judge Mayer this afternoon signed the order permitting 50,000 bales of liquidated cotton held by the A. H. Pell Company, to be taken over by a corporation that has assumed charge of the company's affairs. The price is to be not less than nine cents per pound. Pell failed at the outbreak of war. The decision, it is believed, will clear the way to the reopening of the Cotton Exchange.

ROOSEVELT WILL NOT RUN IN 1916—FINAL!

NEW YORK, Nov. 7.—Theodore Roosevelt will not be a presidential candidate in 1916. Former Superintendent of State Insurance Willis Hotchkiss made the assertion today.

"I wish to say, also," he added, "that the result of the elections in New York and other states has nothing to do with Mr. Roosevelt's decision."

Hotchkiss was formerly chairman of the State Progressive Committee.

Register's Support Is Highly Valued, Appreciated

Mr. J. P. Baumgartner, Editor Register, Santa Ana, Calif.

Dear Sir:—Please accept the thanks and appreciation of the agriculturists of Southern California for your generous and patriotic service toward preservation of the prosperity of our farming and of the general welfare by the defeat of the initiative universal eight-hour law. The returns indicate the overwhelming repudiation of the measure.

While you doubtless will feel sufficiently rewarded for your efforts by the knowledge that you contributed toward the general good of the state, you are entitled to the gratitude, particularly of the farmers, who were directly threatened with inestimable injury.

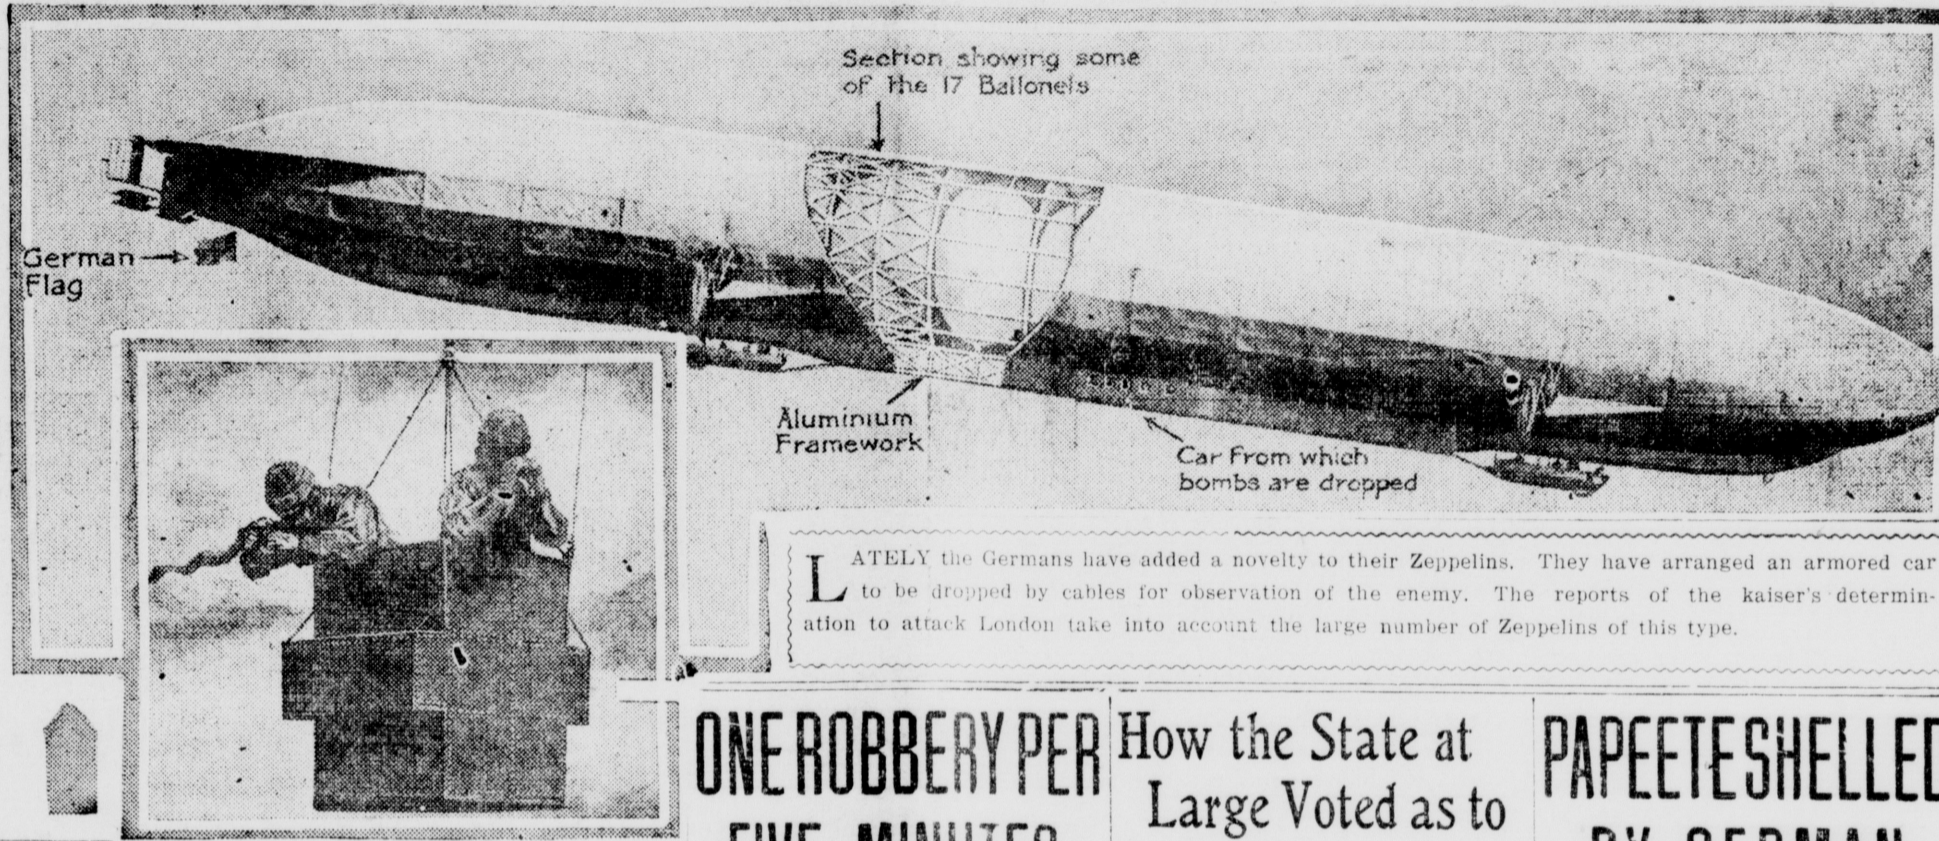

Your attitude in giving so liberally of your time, influence and space, without compensation, should merit the strong recognition and support of the readers and advertisers of the district you serve.

With congratulations and best wishes,

Yours truly,
FARMERS AND FRUIT GROWERS' FEDERATION.

Here's Teutons' Terrible Dreadnaught of Skies English Homes May Yet Have to Face Its Terror

Nothing has so aided the success of German arms as its powerful fleet of airships. It was these flyers that were big factor in the fall of Antwerp.

LATELY the Germans have added a novelty to their Zeppelins. They have arranged an armored car to be dropped by cables for observation of the enemy. The reports of the Kaiser's determination to attack London take into account the large number of Zeppelins of this type.

PRINCETON LOSES TO HARVARD, 20 TO 0

30,000 Witness Wonderful 80-Yard Run; Tigers Make Gallant Battle of It

CAMBRIDGE, Mass., Nov. 7.—Thirty thousand persons saw Harvard down Princeton on the gridiron this afternoon by a score of 20 to 0. The Tigers fought desperately to the last, but were outclassed.

A punting duel occupied the first quarter, Harvard starting from mid-field after a fumble, Francke, Mahan and Bradlee rushing the ball to Princeton's 38-yard line, where Mahan kicked a field goal.

In the second quarter, Mahan kicked another field goal from Princeton's 17-yard line. After the kick on Harvard, by a brilliant series of triple and double passes, line plunges and fake passes, rushed the ball eighty yards to Princeton's 3-yard line, where the Tigers held them twice. At the third attempt, Bradlee bucked across and Hardwick kicked goal. This ended the scoring for the first half.

In the third quarter no score was made, the ball resting two inches from the Princeton goal in Harvard's possession at the call of time.

There was no further scoring, but the ball remained in Princeton territory throughout the quarter.

FRIEDMAN'S CURE FOR TUBERCULOSIS DENOUNCED BY U.S.

WASHINGTON, Nov. 7.—After an exhaustive investigation the Federal Health Service announced today that Dr. Friedman of Berlin has no right to claim the discovery of a specific cure for tuberculosis. Investigation showed that one-fourth of all the cases treated developed running sores and abscesses at the point where the serum was injected. The report added that some patients were bought after the injection, but others "progressed to speedy death."

PAPEETE SHELLED BY GERMAN WARSHIPS

Interesting Sidelight on War Contained in Letter to Santa Ana

HALF OF TOWN SET ON FIRE BY SHELLS

Action Retaliatory for Refusal to Supply Vessels with Coal, Provisions

Interesting in connection with the recent press dispatches telling of the activities of the German cruiser Emden in the Pacific waters is the following excerpt from a letter received yesterday by Mrs. J. V. Bishop, 1330 North Main street, this city.

The letter is from a friend of Mrs. Bishop in the South Sea Islands, and bears date of October 22, being written from Uturoa, Raiatea.

"I wonder if you have heard by now that there's been two German warships in Papeete, and that they've bombarded the town, on account of the Frenchmen refusing to give them coal and provisions. Just as soon as they saw that the town was on fire they left the place. I tell you, everybody was glad when they disappeared. It's to be hoped that they will never make their second visit there. If they do, that will be the last of the place. Part of the town is destroyed, but the other half is still there. There were only three lives lost. That's not bad, is it? We expected to hear of worse results.

"Nobody in the islands ever dreamed of seeing a real German man-of-war down this way. It seems that nearly the whole town went to the pier to have a look at them, but just as soon as everybody knew that they were Germans the people ran for their lives, women and children, old people."

EXTERMINATE TEUTONS, IS ORDER

Allies' Fleets to Sweep all Pacific Waters in Hunt for German Boats

KAISER IN PERSON ON DUNKIRK BATTLE LINE

Allies Being Subjected Today to Most Terrific Shell Fire of War's History

BERLIN (via The Hague), Nov. 7.—It is announced here today that German warships shelled the fortifications of Yarmouth, England, on November 3. It is believed they sunk one submarine in the harbor. No mention is made of other damage.

BERLIN, (via The Hague) Nov. 7.—Three German cruisers shelled the British fortifications at Yarmouth, England, November 3. This was officially announced by the admiralty today.

PARIS, Nov. 7.—Plainly as a preliminary to another drive at Dunkirk, the Germans are attempting today to break the allies' line by the most wonderful bombardment in the history of warfare.

The Kaiser is said to realize he must win speedily in the western theatre of war or abandon all but a defensive campaign. A defensive campaign in that quarter would be necessary to meet the new Russian offensive with any adequate force.

Hundreds of the heaviest German guns are pounding the allies' front near Ypres in the most terrific bombardment in history.

Protected by bomb proofs, the French and British are reported holding their own.

The Kaiser is reported personally commanding the Germans and to be constantly traversing the lines by automobile.

A strong force of Teutonic reserves is reported held in readiness to aid at any point.

The war office today confirmed the report that the Kaiser had sent a large force of veterans to the front at Ypres.

LONDON, Nov. 7.—Released by the fall of Kaio Chau from service in Chinese waters, the Japanese and British fleets now in the Orient, will start an immediate hunt for all German warships in the Pacific, the Admiralty stated today.

In this search they will be aided by the Australian and New Zealand naval strength; also by all Anglo-Japanese ships now in American waters, making a combined fleet much stronger than the German Pacific squadron.

The destruction wrought by the Germans on the Chilean coast has made prompt steps necessary, the Admiralty admits.

The presence of many German ships in western South American waters has caused the belief that Germany has a secret base there.

It is said the allies' ships will be instructed, to find this base and demolish it immediately, besides accounting for every German ship in the Pacific.

LONDON, Nov. 7.—According to

L. A. RAILWAY TEAM TO COME HERE SUNDAY

The Los Angeles Railway baseball club, said to be one of the most brilliantly scintillating crews of ball smashers in the Angel City, will be here Sunday to engage Deck's Moose in a gentle passage at arms. The motormen and conductors will get a torrid welcome, for the reason that they beat the locals last spring by a 5 to 4 score.

Manager Deck has a goodly array of talent lined up for the coming three Sundays. Following the L. A. Railway, Sunday, will come the Pacific Electric, the only one which has beaten the locals in the eight games played this fall, and the Harlows of Los Angeles.

With the closing of the big league season, many stars, anxious to keep in trim during the winter, are now playing on the Los Angeles semi-pro clubs and helping them to give really worth-while exhibitions of the pastime.

Deck now has a team that will compel any visiting club to get up and hump to have a look-in. The same line-up as that used during the last few games will be used Sunday by the Stags. Here it is:

Some Mileage

A Kelly-Springfield tire, which has been run 15,000 miles, is on exhibition at the Lynds Tire and Supply Company, corner Fourth and French Sts. The tire was used by J. H. Pullen. At Long Beach there is one tire which has been run 20,000 miles and one, used on a truck belonging to Able & Sons, grocers, which has a mileage of 16,200.

Preparations at Corona

Many preparations for the races to be held at Corona Thanksgiving Day are under way. Extra precautions to safeguard the lives of spectators are being taken. A five-foot wire fence is being built around the entire circle.

It has been announced that the eighth entrant in the 300-mile Corona race is Huntley Gordon, who will pilot the Gordon Special.

Pullen Ready for Corona

Eddie Pullen, the famous Mercer driver, who established a new world's non-stop record in the Elgin race, and who won the Grand Prize at Santa Monica last spring, arrived in Los Angeles Saturday. He will drive the same Mercer at Corona he used in the Santa Monica race. In the Elgin speed duel he finished a close second after having made the 300 miles without stopping. In this distance he had no mechanical trouble and did not need to change a tire.

Chevrolet Thinks He'll Win

Never has an eastern driver made a showing in the Los Angeles to Phoenix road race. The cactus derby has always been a westerner's, but Louis Chevrolet defies traditions. The famous Frenchman says he will carry off the honors next week and win the title of "master driver of the world" with his Chevrolet racer.

Chevrolet returned Wednesday from a trial run out on the course. Leaving Sunday morning the Frenchman went as far as Needles. He encountered rain on the course and re-

turned to this city without going on to Phoenix. He believes he knows the course as far as Needles, and will trust to luck on the rest of the desert trail if it is impossible for him to get over the route again before the start.—San Bernardino Index.

Take San Diego Agency
E. H. Dimity and Frank Sawyer have taken over the San Diego agency for Pullman, Congress and Imperial tires. Both men are well known here, and will undoubtedly make a success of their new venture. An Effective Demonstration
C. E. Isaacson & Son swear by the El Modena grade as a place to demonstrate their Hudsons and Oldsmobiles. One day last week they took George E. Preble up the grade in a 1915, Model 55, six-cylinder Oldsmobile, going all the way up in high gear. This proved the stability and hill-climbing ability of the Olds to Preble's entire satisfaction, for, on the return to the Isaacson garage the car became Preble's property.

Tubbs and Arthur Lyons leave Sunday evening for Los Angeles to be in readiness to leave with the "Howdy Special" which is scheduled to depart from the Angel City at 4:30 Monday morning for Phoenix, Ariz. Condition of County Roads

Laguna Road

The road to Laguna is still unopened and it is still necessary to go to the popular resort via El Toro. In about a month's time it will be possible to travel via Irvine, though it will not be before the first of the year before the road is entirely concreted from Irvine through the Laguna canyon.

Road is a Marvel

The road through the Santa Ana canyon from Peralta to the county line, upon which section the Highway Commission has completed its good roads work, is a veritable marvel for beauty, both in construction and in natural scenic attractiveness. The road is a wide one. Absolutely all

dangerous grades and curves have been eliminated. It is safe to say that the drive through this canyon is one of the most beautiful to be found anywhere in the state. Many motorists are making the trip and all are united in their praise of the work.

Two Miles Open
Two miles of the road from Los Alamitos towards Bay City have been opened. The entire section from Los Alamitos through Seal Beach to the Los Angeles county line will be completed in about a month.

SHORT CUTS BARRED IN THE DESERT CLASSIC

"There'll be no cutting routes or taking short cuts in the Phoenix-Los Angeles road race, for the simple reason that all cars are to be watched and kept tab on," is the statement made by "Frenchie" Beaudette, of the Paige entry No. 1, who passed through San Bernardino Wednesday.

"Near Barstow there is an opportunity for an unfair driver to make a short cut which would save him a great deal of time. However, none of the boys will attempt it, moved not alone by a spirit of fairness, but because they will be observed from the top of a hill as well. At any other junction of the road the same watch is to be kept. It will be impossible to follow any but the prescribed route.

"I have made Los Angeles to San Bernardino in sixty-five minutes over the present route, and believe I can make it in shorter time when the big race is held," continued Beaudette. "There'll be nothing to it. I can already name the winner."—San Bernardino Index.

Cost of Maintenance is the Lowest

By all counts the Ford costs less to operate than any other car. Individual experiences vary, according to the temperament of the person who drives the car, and the conditions under which it is maintained. Many of our owners drive their cars at a cost of less than a cent a mile. A few of them double this cost. One owner recently drove his Ford a hundred and nine miles at a total cost of gasoline and oil of eighty-one cents—a not exceptional experience. By all tests the Ford's cost of maintenance is demonstrated to be the lowest.

We have just received a carload of the very latest model of Ford cars. Call and look them over. Service stations everywhere. No need of having a Ford laid up. We look after you and give you the service that no other car can give.

Studebaker No. 2

WOULDN'T YOU PREFER A CAR WITH TIMKEN ROLLER BEARINGS in all four of the wheels, in the transmission, in the drive-pinion, in the differential? They are the only bearings with a "take-up" for wear and lost motion. They are the only bearings which take care of both vertical load and end thrust. Ball bearings and straight roller bearings are very well for sewing machines, bicycles, lawn-mowers and one-year or two-year automobiles, but all heavy duty trucks and five-year automobiles are being equipped with Timken Rollers from stem to stern. Count the jewels (Timkens) in the car you buy. 13 sets in gold standard.

Tomorrow the third installment of this series of Studebaker talks will appear in this space.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PARCELS POST SYSTEM HELP TO MERCHANTS

Postmaster Linn L. Shaw has submitted to the business men of Santa Ana, through the Merchants and Manufacturers Association, the following letter:

"With the approach of the holidays, I desire to call your attention to the great advantages offered by our city and rural delivery service on parcel post packages. The rural delivery routes emanating from this office are especially recommended for your consideration, covering as they do 170 miles of roads directly tributary to Santa Ana, and serving well over 1000 families daily.

"The rates on parcel post packages for this local service are extremely low, being five cents for the first pound and one-half cent for each additional pound, with a limit of fifty pounds, giving you a cheap and absolutely reliable service which can be utilized not only for the holiday trade, but through all the seasons of the year.

"For a small additional fee parcel post packages may be insured, sent special delivery, or C. O. D.

"Parcel post business with your rural patrons would be of mutual advantage to you both, particularly as a time saver at each end of the line.

"All our rural carriers leave the office at 7:45 a. m. every week day, and practically all the mail on these routes is delivered before noon. You can get your orders any afternoon by mail or telephone, and deliver them the next morning."

HALLOWE'EN PRANKS BACK OF A WARRANT

Alleged that Seven Westminster Boys Rather Overdid Things

At least one neighborhood over at Westminster seems to have had a surprise following Halloween. The morning brought forth evidence of numerous youthful pranks. The authorities have received complaint that some were a little too strenuous, and as a consequence a warrant has been issued for George Mansperger, Willie Robertson, Arthur Roberts, Clarence Conaway, M. Dregas, Harold Craig and Raymond Penhall. It will be up to the Juvenile Court to determine whether or not any or all of the boys are guilty. The complaint was sworn to by Clara Hagen.

For Stealing Bike
 John Ramirez on top of getting a rock at the side of the head has to spend six months in jail. He was at L. O. Myer's shop trying to sell a bicycle that was stolen from Kenneth Horton when an attempt was made to arrest him. After a struggle he ran, and was cornered in a cellar, where Myer's son-in-law threw a rock at him. The evidence against Ramirez was sufficient to convince Justice Lox that he was guilty, and the usual dose handed out to any person convicted of bicycle stealing was given Ramirez. That dose is six months in the county jail.

Says Not Guilty
 Jesus Sanchez, who was caught by the Mueller brothers when they were awakened by the clatter of geese, pleaded not guilty to stealing hay at the Mueller ranch. His trial was set for November 16.

A WORD OF THANKS FROM JUDGE WEST

To the Voters of Orange County:
 I hereby express my deep appreciation to the loyal voters and faithful friends who so materially assisted in giving me such a splendid vote at the election on November 3rd.

This stamp of approval of my work on the bench is most gratifying to me, and will be an incentive to put forth greater effort, if possible, to treat every litigant in that fair, fearless and impartial manner that I have earnestly tried to attain in the past.

Again thanking you, I am,
 Very sincerely yours,
 Z. B. WEST.

AMERICAN WOMEN

The Best Housewives in the World

For the sake of comparison, let us refer to the national traits of our cousins across the water. The German housewife is first of all "economical," while the English woman is "thrifty" and the French woman is "artistic." The American housewife combines all three of these qualities, and more.

The American woman readily adapts herself to business, to politics, to the professions, as occasion may require; but she is first of all "domestic" in her tastes. It is in the home that her influence is supreme. And this is as true today as it was in olden times.

But modern conditions and modern inventions have greatly lightened domestic duties. So many things now come from the grocer's ready prepared, where formerly they were prepared at home.

For example, the matter of Mince Meat making in olden times was a question of days. Now when the housewife wants to serve Mince Pie for dessert she simply orders her grocer to send up one or more packages of "None Such Mince Meat." In an hour or so Mince Pie "like mother used to make" is ready, piping hot. Easy, isn't it? And ever so much more economical, too.—Advertisement.

ARTISTIC RECITAL

English Violinist Makes Debut Here Amidst Prominent Musicians of City

The recital given at the First Methodist Church under the auspices of the Epworth League, last night, was quite an artistic success, and reflects much credit upon those who took part in the program. Miss Florence Norman-Shaw an English violinist, was the principal participant; her work was delightful and her artistic handling of the varied numbers showed considerable versatility.

Miss Hester Billingsley was the first to appear on the program, and sang a group of four songs. She was in splendid voice her numbers proving one of the favorite features of the evening.

Two pupils of Mrs. Minna Roper-Viersen sang, much to the credit of their instructress, and the evening closed with Mrs. Viersen's rendition of Benedetti's Variations on the "Carnival of Venice."

Mrs. Viersen's voice was clear as a bell, and she sang the difficult trills and runs with extreme ease and flexibility. As an encore she gave the dainty little "Cuckoo" song. Mr. Percy Richards was an efficient and delightful accompanist.

The program follows:
(a) "I Hear a Thrush" (Cadman); (b) "Bird of Love Divine" (Wood); (c) "Dawn in the Desert" (Ross); (d) "There Sits a Bird" (Foote); Miss Hester Billingsley.

Sonata, D minor, op. 21 (Neils Gade); larghetto; allegro molto vivace; Miss Florence Norman-Shaw.

"Tomorrow" (Barbour); "Boat Song" (Ware); Miss Carol Van Cleave.

"Love is Spring" (Mendelssohn-Schell); "When the Roses Bloom" (Reichardt); "Will o' the Wisp" (Spross); Miss Dorothy Dean.

(a) "Preghiera" andante de concerto, op. 41 (A. Bazzini); (b) "Polonaise" (Jean Becker); Miss Florence Norman-Shaw.

Variations—"Carnival of Venice" (Benedict); Minna Roper Viersen.

CLUBWOMEN'S BUSY WEEK

Santa Ana to Be Hostess to Clubs of Southern District, C. F. W. C., Nov. 10-14

Next week will be a busy week for local club women. The thirteenth annual convention of the Southern District of the California Federation of Women's Clubs will commence in Elks' Hall on Tuesday, November 10, and the closing meeting will be held on Friday morning, November 13. The local clubs have for some time been busily making preparations for the convention, and the program, as arranged, promises to be one of much interest. Santa Ana takes pleasure in the fact that Mrs. A. J. Lawton, the president of the Southern District, is a Santa Ana woman, and president also of the local Ebbl Music Society.

Aside from the routine work of the convention, and the many excellent programs to be given, there are to be several social features of more than passing interest.

On Tuesday evening, at Odd Fellows' Hall, will be held the annual reception in honor of the State and District officers, and to this, as to all other meetings of the Federation, a special invitation to the teachers in the city schools is extended.

Among the visitors of note will be Miss Edna Rich, president of the Santa Barbara Normal, and State Chairman of Home Economics. Miss Rich will address the convention on Thursday afternoon. Thursday noon, at the Polytechnic High School, a luncheon will be given by Miss Whitely, head of the domestic science department of the High School, and her pupils, with Miss Rich as the guest of honor. The luncheon will be prepared and served by the domestic science pupils of the High School.

On Thursday evening at Clune's Theater, from 8 to 9, will be shown the pictures taken by the San Diego Fair commission to be displayed at the fair next year in San Diego. These pictures represent the beauty and wealth of the seven southern counties, and that they will be displayed here for the benefit of the visitors is something of a treat.

A most attractive musical and literary program has been prepared for Wednesday evening, under the direction of Mrs. Alba A. Padgugan, chairman of the music committee, and her assistants.

On Thursday afternoon the delegates and visitors will be given an automobile ride over some of the beautiful roads which Orange county boasts among her special attractions.

First Baptist Choir
It has been definitely settled that the Christmas music service, to be given by the choir of the First Baptist Church, will take place Sunday afternoon, Dec. 27. The cantata which is to be sung at that time is the work of the well-known Scotch composer, David Widdie McLean.

On Wednesday evening, Nov. 25, which is the anniversary of the birth of Ethelbert Nevin, the eminent American composer, the choir will give an evening of music composed entirely of Nevin's compositions. This entertainment will be the regular annual contribution of the First Baptist choir to the Santa Ana musical events, and will be absolutely free to all who care to attend. The public is most cordially welcome to all musical affairs of the First Baptist Church and regular services at all times.

At Jefferson School
A short business meeting of the Parent-Teacher Association of the Jefferson school was held yesterday afternoon in the kindergarten room. Plans were discussed for the next meeting of the association which will take place on the evening of December 2 and to which the fathers are especially invited.

Enjoyed Progressive Whist
The card club known by the euphonious name of The Nightingale Club, was charmingly entertained by Mrs. J. E. Pearce, 628 South Sycamore street, last evening. White roses and ferns were disposed in baskets over the attractive home, and used in decorations for the dainty two-course collation served after the conclusion of the progressive whist games in which Mrs. E. F. Nimmo and Mr. Albert Drake were winners of high score and corresponding prizes. The consolation souvenirs went to Mr. and Mrs. Chas. Johnson.

Greatly enjoyed were the musical numbers rendered during the latter part of the evening by Mrs. Albert Drake on the piano and Mrs. Charles Johnson with her beautiful voice. The evening was a delightful one altogether, the guests uniting in unanimous expression to that effect.

The members of the club present were Mr. and Mrs. J. E. Pearce, Mr. and Mrs. A. L. Swarthout, Mr. and Mrs. Charles Johnson, Mr. and Mrs. Charles O. Artz, Mr. and Mrs. Albert Drake, Mr. and Mrs. E. F. Nimmo, Mr. and Mrs. Joe Babbitt were guests of the club, and Mrs. Babbitt assisted Mrs. Pearce in her various hospitable duties.

Moore Start Prize Movement
The Moose are nothing if not loyal to the order, and they demonstrated last night the interest they feel in the lodge activities, by deciding to secure prizes to be offered in the Moose

ball games, the merchants and professional men to aid in this movement. Several prizes have already been offered, C. S. Shaw offering on behalf of the Blade a year's subscription, and a similar offer being made by the Register. Fred Oop contributes a \$40 set of bungalow plans, and it is believed many other prizes will be donated at once.

A resolution was passed thanking Herman Reuter, the editor of the Register's "Pink," for his impartial and excellent write-ups of the Moose games.

Following the lodge session a Dutch luncheon without the usual liquid attachments was enjoyed. L. E. May acted as toastmaster, bringing out a number of informal good talks. There were covers for seventy men, and it was agreed by every one present that the social entertainment was among the best yet held by the lodge.

Owing to the convention of the Southern District of the Federation of Women's Clubs, the Music section of the Ebbl will postpone the meeting scheduled for November 9 for one week, making the date November 16.

The subject chosen by the section for the coming year is American Music, and current topics in answer to roll call in harmony with the subject are asked for.

Delightful Luncheon
Mrs. Joe Witt of West Orange was hostess yesterday afternoon with a pretty luncheon and Kensington party. The centerpiece for the 1 o'clock luncheon was a mass of fluffy white chrysanthemums surmounted by a saucy kewpie.

Besides the hostess, covers were laid for Mrs. Ed Kahley, Mrs. W. C. Muernner, Mrs. H. Gust, Mrs. Albert Zimmerman, Mrs. Robert Hein, Mrs. Charles Schneider, Mrs. Walter Clark of Anaheim; Mrs. H. G. Schimmings of Compton; Mrs. A. G. Oswald of Fullerton; Mrs. H. B. Witt of West Orange.

Following the luncheon the ladies engaged in dainty fancy work over which they chatted, or listened to delightful music given at intervals through the pleasant afternoon. Pictures of the coming year were taken and these are likely to prove most acceptable souvenirs of the pleasing hospitality of Mrs. Witt.

For Father's Birthday
Mrs. W. T. Merigold last evening entertained with a small dinner party in honor of the birthday of her father, J. M. Talcott. Pink and white were used in decorations for the pretty dinner served at 6:30 o'clock, and the pink and white color motif was preserved in the cakes and ices. Covers were laid for Mr. and Mrs. Merigold, Mr. Talcott, Mr. and Mrs. Oscar Witt and little Miss Marjory Edmunds.

In the evening following, the family circle was enlarged by the presence of Mr. and Mrs. P. G. Boissel, Mr. and Mrs. P. C. Edmunds and Miss Frances Edmunds.

A Bluebird Shower
One of the very prettiest events of the season was the miscellaneous shower given last night at the home of Miss Margaret A. Wallace on G street for Miss Rosa Stafford and her fiancée, Jack Thomas. The bluebird that symbol of happiness, was used everywhere. A veritable woodland scene was attained in the parlors by the profuse use of ferns and smilax, and the tiny birds seemed to be flitting higher and higher. The beauty of the interior was enhanced by lovely gift baskets filled with bride's roses and maidenhair fern.

The affair was a complete surprise to Miss Stafford who had been invited with her mother to call on Mrs. Wallace, mother of the hostess, who was here from Hanson for a few days' visit. When they entered the house all of the merry crowd of friends was assembled.

From the electrolier in the dining room, profusely trimmed with green and the dainty bluebirds were two cords leading to a table where a huge excelsior nest was to be seen. Over it hovered the ever-present bluebird, and in the nest were piled up lovely gifts of cut-glass and silver and all imaginable exquisite gifts. After the shower, progressive games relating to a honeymoon were played. Punch was served in a bird beaver, the punch bowl being in blue in white. Bluebirds adorned the snowy cloth that covered the tables where delicious refreshments were served. During the evening another engagement was announced in an unusual way.

Miss Stafford was the honoree on Thursday night at an event at the home of Miss Zoe Vanderlip where a handsome tablecloth and a dozen napkins were presented by a group of the bride-elect's girl friends, who then spent the evening hemming the beautiful linen pieces. Miss Stafford and Mr. Thomas will be married within a few weeks.

Dickinson-Cleveland
Miss Marguerite Cleveland, daughter of Mr. and Mrs. N. B. Cleveland of 515 East Seventeenth, and Edwin Dickinson of the Santa Ana Transfer Co., were married in Los Angeles on Wednesday at the First Congregational church at 5:30 p. m. They were attended by Mr. and Mrs. Frank Cleveland. The bride wore a tailored suit with accessories to match.

Mr. and Mrs. Dickinson will tour Southern California on a brief honeymoon, traveling in an automobile. On their return they will be at home at the Cary apartments, corner Fourth and Barton streets.

Amphion Circle Meets
The Amphion Circle of the First Congregational Church was entertained Thursday at the South Broadway home of Mrs. Schlagel. Many of the members were present and after the business meeting devoted themselves to fancy work.

It was decided that the next meeting of the Circle, to be held at the South Main street home of Mrs. C. H. Stearns, will be a social one.

Danish Maids, Danish Cookery
With two of the hostesses, Mrs. Harry Hanson and Miss Gertrude Montgomery, gowned in dark dresses, black caps and white aprons in simulation of the Danish costume, the ladies of the second section of Ebbl Household Economics Thursday were greeted as they entered the pretty new home of Mrs. Roy Peterson on South Broadway, Mrs. Peterson being

one of the three hostesses. Bouquets of yellow cosmos were the simple but pretty decoration of the rooms.

Mrs. Hanson gave an interesting paper on Danish customs and cookery, the afternoon's topic being "Danish Cookery." The paper was much enjoyed. Later the hostesses served a Danish menu that included abelskiver, smorrebrod, Krone Kage, coffee being also served.

AMUSEMENTS

Temple Theater
The offering at the Temple Theater for Sunday only, matinee and evening, will be "Brewster's Millions," featuring the noted actor, Edward Ayles; on Monday, Tuesday and Wednesday the Temple Theater again has the pleasure of offering to its patron's America's little sweetheart, Mary Pickford, in "Such a Little Queen," and she surely will be a little queen in this production.

Tonight will be the last performance of "Burning Daylight," a wonderful production in nine reels.

"Fisherman Kate"
If you have anything on your mind and wish to take a load off it, the way is clear. Clune's has booked "Fisherman Kate" for today and tomorrow. The usual "fisherman's luck" attends Kate's piscatorial efforts. Nothing but accidents, unexpected baths and other exciting experiences are the result. She is the laugh of the neighborhood, and the only way she can account for her many mishaps is the discovery that Friday, the 13th, is an unlucky day.

"The Love of Pierre Larosse"
Pierre's love is an unusual love as you will perceive with half an eye if you witness it on the screen.

When the girl he loves chooses her future husband and rejects him, she sacrifices his own life that the man she loves can live and make her happiness complete. His wonderful love is shown when the primitive forest in which they live catches fire. He places his rival on the horse with the rifle, permitting them to escape in safety while he takes his chances on foot, perishing in the flames. It is a tremendously thrilling picture taken in the mountains where nature has not been disturbed by civilization.

School Opens Monday

The Tustin school was closed a week ago Monday by the health officer because of three very light cases of scarletina. Owing to the fact that some time before several similar cases had occurred, which, however, were so slight that a doctor was not called, the health officer thought others might have been exposed and it was deemed wise to close the school.

The three cases have been entirely well for ten days. The school house has been fumigated and thoroughly cleaned, and the school will be opened next Monday morning.

EDITORIAL

IT IS COMING
Whether every one believes in it or not, prohibition is inevitable. Those who voted for California Dry need not be discouraged by the present failure. National prohibition has already been declared by the business world. It is now virtually impossible for a known drinking man to get a job.

Men of the older generation who perhaps did not begin drinking very early in life and have secured for themselves positions which are under their own control, may be able to continue to do so to a certain extent, but they are few in comparison to those who must have a job.

How long it will take the moral aspect of the subject to supplement this economic demand for prohibition will have declared for prohibition are able to show results.

It is true to say that the saloon has nothing in its favor; that it is the greatest promoter of crime, of poverty and disease in America. Everybody knows it is.

Thousands did not vote for prohibition because they do not believe it prohibits, and not because they want saloons. Many are wondering if there is not a better way. "Where there's a will there's a way," has been proven in many wonderful ways in the world of late.

The California wine grape growers will have time to get out of the business, get water to their land and grow anything else they choose.

If they do this they are wise, because universal prohibition is surely coming. We must have a saloonless nation.

The regular monthly business and social meeting of the Berean Bible class of the Presbyterian church was held at the home of the president, Mrs. Frank Logan, on Wednesday afternoon.

The attractiveness of the two rooms in which the ladies met was added to by a beautiful bouquet of Maman Cocker roses in one room and handsome rich red and cream colored chrysanthemums in the other.

The meeting was opened with a song by the class. Mrs. C. P. Marshall read the 3rd chapter of John and prayer was offered by Mrs. Sarah E. Moores.

The report of the secretary was not at hand, but the treasurer's report was accepted.

Letters had been received from the former teacher, Mrs. Eells, to serve of the members and all were interested in reports of success in her new home. There was no business of importance to come before the meeting.

A FAREWELL PARTY
FOR THE SHANNONSFriends Unite in Compliment-
ary Affair to Minister and
Wife Soon to Depart

The big lawn and house on the corner of Main and D streets was the scene of a merry party last Friday night. Mrs. Mary Liggett, the present occupant, gave the house over to the friends of Rev. and Mrs. R. B. Shannon for a farewell surprise Halloween party. Mr. and Mrs. Jasper Leck, to whom the place belongs, took the lead in receiving the guests. Decorations were very appropriate for the season. Huge jack-o'-lanterns lighted the porch and lawn with a glowing yellow light. A big one occupied the center of the library table and was surrounded by smaller ones at each corner. Sere and yellow cornstalks in the corners, tall palms arched to the high ceiling of the big front and back parlors and autumn leaves were strewn here and there.

As the guests arrived they were seated around in a circle, the electric lights were turned out and the jack-o'-lanterns lighted. A messenger was sent for Rev. Shannon and family and when they came in a general hand-shaking ensued.

There were some entertaining stunts by the younger members of the circle which amused the whole crowd, and a few short recitations and music helped in making a very pleasant evening. Apples, nuts and candy were the refreshments served, and they were much enjoyed.

SOCIETY AND CLUBS

Christian Endeavor Social
Last Friday night the Christian Endeavor Society of the Presbyterian church entertained their friends as well as each other at a most enjoyable social given at the church.

The main auditorium was elaborately decorated with green drapings, red geraniums and roses.

A program of readings, music and recitations was a feature as well as these more serious—a good many members having for their theme the temperance question.

Tustin had some local talent on the program Friday night, among the young which will no doubt be heard from later on.

The program closed with a musical guessing contest, and this was followed by a social time much enjoyed by every one.

As the hour grew late a door was thrown open into the social room of the church and the guests were invited to enter. A yellow glow over the room made everything look quite ghostly, and it was found that there were no lights except that gleaming from huge pumpkin faces. As eyes grew accustomed to it, the light was quite sufficient to reveal a number of snowy tables on which were plates all filled with a regular Halloween supper of delicious sandwiches, pumpkin and apple pies with a drink of hot chocolate.

As the midnight luncheon progressed there was plenty of time to observe the black cats, witches and bats around the walls and running up and down the curtains and other decorations just as suggestive of the season.

The Philathea Class
A business and social meeting of the Philathea Sunday school class was held Wednesday afternoon with Miss Anna Carson.

There was not much business to come before the class and the afternoon was one of social enjoyment so far as the short afternoon would allow. There was a full attendance of the class composed of Misses Grace Hatfield, Verda White, Ruth Rawlings, Ella Ave, Emma Thorman, Margaret Tingley, Gladys Burkett, Gertrude Lambert, Avis Smith, Anna Carson and the teacher, Mrs. S. E. Tingley.

The meeting was a little late in beginning and the afternoon passed quickly with the merry chat of the young girls, who all enjoyed the refreshments served by the hostess.

Tustin Twelve
A meeting of the Tustin Twelve will be held next Tuesday afternoon with Mrs. G. W. Pollard.

Christian Endeavor
The regular monthly business meeting of the Christian Endeavor Society was held last night at the Presbyterian church at 7:30 o'clock. There was a good attendance of the members.

W. C. T. U.
The next regular meeting of the Tustin W. C. T. U. will be held at the home of Mrs. G. W. Pollard on next Wednesday afternoon instead of Thursday. The reason for this change is that many will like to go on Thursday to the all-day county executive meeting which will be held at Huntington Beach.

Coreopsis Club
A meeting of the Coreopsis Club will be held next Wednesday afternoon at the home of Mrs. F. C. Matthews.

Tustin Literature Section
The meeting of the Tustin Literature Section was held Tuesday afternoon with Mrs. D. L. McCharles.

A review of the book "The Promised Land" was conducted by Mrs. George Hubbard. She first read selections, and reviewed the remaining portion. A motion picture to procure one hundred of the new Tustin publicity post cards for the purpose of presenting them to the delegates to the Southern District of the Federation of Women's Clubs which is to meet in Santa Ana next week. The price of the cards was contributed and Miss Minnie C. Childs was appointed to present them.

Los Angeles Produce Market
Owing to the slow demand for California almonds the market yesterday declined from 1 to 3 cents on various grades. In the east dealers are not buying heavily, taking just enough stock to carry for immediate demands. Considerable uncertainty has been given the prevailing conditions because of the possibility of foreign almonds reaching here.

This same condition applies largely to walnuts and a decline of about 1 cent was recorded all through the list of this product, the association prices having failed to stand up. This places the market here about 1/2 cent lower at this time than it was at the same date last year.

Eastern nuts are arriving freely. Hickory nuts, black walnuts and a few butternuts have been received and prices range from 8 to 12 cents a pound on the different varieties.

Chestnuts have been on the market for about three weeks and are largely California product. Eastern chestnuts are not arriving plentifully yet.

San Diego Exposition Head Says Put Road Below Mission in Good Repair

ONE SECTION THERE READY FOR BIDDING

Supervisors of This County Asked to Write Their Attitude on Proposal

G. A. Davidson, president of the executive committee of the San Diego Exposition, has written a letter to the Board of Supervisors of this county asking that the county do its best to keep the State Highway through this county in good shape for travel. Orange county has never missed an opportunity to urge the State Highway Commission to keep busy on the

state road through this county and even in the last two months the Associated Chambers of Commerce has asked for quick action.

Now come the San Diego exposition people, and say that they prefer that no work be done south of San Juan Capistrano until after the exposition. The theory upon which that request is made is probably that if the road is being built it will be impassable.

That, however, would not be the case. Commissioner Darlington stated to the Register a month ago that wherever a state road is being built in this county an excellent by-pass will be provided, so that travel will not be difficult.

The letter from the exposition committee president, dated at San Diego Nov. 6, follows:

"Gentlemen:—As the time for the opening of our exposition draws near we are naturally concerned about the State Highway between here and Los Angeles, as we are led to believe there are going to be many people desirous of coming by automobile to visit us.

"I understand that the state highway people are working from Santa Ana south to Capistrano, and our own county is finishing up to the north county line. I have not been over the road recently between Capistrano and our north county line, but am told it is in rather bad shape.

"Knowing of your interest in our exposition I am led to ask whether there is not some way that the road could be put in repair awaiting the time that the state highway people may take hold of that section. We would prefer now that no action be taken on that section until the exposition is over.

"If we can co-operate with you in any way toward putting the road in good shape we will be very glad indeed to do so.

"Will appreciate very much your advice in the matter."

The proposal to stop work south of San Juan Capistrano may meet with some favor in this county, though it is likely that the disposition will be to urge the construction. There is little question but that the county will want the section between the north San Diego line and the Santa Fe railroad built as quickly as possible. Any by-pass that might be provided over that section would be no worse than the main road is at present.

Contracts have been let for the state road from Santa Ana to Gallatin.

COUNT VEHICLES ON HIGHWAY FROM FULLERTON TO LA HABRA

Secretary Metzgar today received the following letter from W. T. Brown of Fullerton:

"In accordance with my instructions from the Associated Chambers of Commerce, I sent Mr. George Wilcox to the Old Bell Corner at the intersection of Central Avenue and the State Highway, to take a count of all vehicles passing on the highway at that point, from Saturday, October 31, 6 a. m., to 12 p. m., and from Sunday, November 1, 6 a. m., to 12 p. m. Following is the count as handed me by Mr. Wilcox:

Saturday—Autos, 866; bicycles, 49; motor trucks, 48; wagons and buggies, 113; motorcycles, 112.

Sunday—Autos, 1262; bicycles, 22; motor trucks, 8; wagons and buggies, 61; motorcycles, 150.

Total—Autos, 2128; bicycles, 62; motor trucks, 56; wagons and buggies, 164; motorcycles, 262.

"It has been suggested, as Mr. Alborn and myself were requested by Mr. Darlington to make a report to the Associated Chambers of Commerce, to the effect that if we would be satisfied with covering the road from Anaheim to Fullerton with the one and one-half inch Topley covering, that he would recommend it, and that the Chamber having passed the resolution again requesting the State Highway Commission to cover the road from Fullerton to La Habra with the same covering, on account of the

very heavy travel over that road; and that Mr. Alborn and myself go before Mr. Darlington with the resolution and the report of the count during the time specified. We are now making arrangements to meet Mr. Darlington.

"You will note that last Sunday was a very gloomy morning, and had it been a bright day, we could have added 500 more machines to the list."

Harbor Matter

In answer to a telegram sent Thursday to Col. Jadin of the War Department, Washington, relative to the urgency of the department's returning, with approval, the maps of Newport harbor showing bulkhead and pierhead lines, J. C. Metzgar, secretary of the Associated Chambers of Commerce, which signed the telegram, has received the following reply:

"Your telegram of November 5 is being held for action by General Kingman, who will be absent for about two weeks. Jetty construction or dredging in harbor will require a permit and this can be obtained without waiting action on harbor lines."

Secretary Metzgar of the Chamber of Commerce is in receipt of a letter from A. S. Bradford, of Placentia, stating that the Ladies' Club had decided on Wednesday, December 9, for the Associated Chambers of Commerce meeting and supper at the club house in Placentia.

TOKIO, Nov. 7.—There is considerable celebration here today over the capture by the Japanese and British forces of the German stronghold of Kaio Chau. The popular belief is that Japanese participation in the war, except to patrol the eastern seas, is over.

LONDON, Nov. 7.—Another unconfirmed report that Japanese warships had captured the German cruisers Scharnhorst and Gneisenau in the Pacific is current today. According to this account the Germans were surprised while coaling. This detail renders the story doubtful, inasmuch as both ships coaled at Valparaiso, Chile, Monday.

SAN FRANCISCO, Nov. 7.—British shipping firms today received private advices from their correspondents in Valparaiso, Chile, that a naval engagement was now taking place off Yonoyos, Peru, between German, British and Japanese warships. The previous engagement between German and British ships off the Chilean coast was confirmed.

ATHENS, Nov. 7.—A Smyrna dispatch says the Turks have confiscated all Russian, French and British steamships at that port.

BERLIN (via The Hague), Nov. 7.—Warm denial of French, British, Belgian and British claims of important victories in the eastern and western theaters of war is issued today by the war office. It is declared that the fighting in Belgium continues along a practically unchanged front, though the Germans are advancing on the Meuse. The Russian story of an Austrian defeat on the San is denied. It is also asserted that the allies' bombardment of the Dardanelles has been practically ineffective.

PETROGRAD, Nov. 7.—"Developing over a period of eighteen days, our successes along the 283-mile front have resulted in breaking down the enemy's general resistance everywhere," is announced by the war office this afternoon. "The Germans in the north and the Austrians in the south are in full retreat. Our main armies are now free to carry their task to completion."

The task referred to is generally believed to be an advance on Berlin.

PARIS, Nov. 7.—Repulse by the allies of a series of violent night attacks southeast of Ypres and in the vicinity of Nieu Chapelle, is announced in the Bordeaux war office communication this afternoon. It is declared the allies are not only holding their own, but advancing in certain places. On the Yser the situation is said to be "completely calm." French occupation of Haecourt and Hogeville is reported.

It will be known as the Ninth Division of the Naval Militia of California, and the mustering in ceremony will take place in Los Angeles on the evening of November 19, with Lieutenant Commander Alonzo H. Woodbine as officer in charge. Lieutenant Alfred J. Murieta and John D. Dougall will make the physical examination of the members of the new naval militia division.

The U. S. S. Marblehead is already in Los Angeles waters and the torpedo destroyer Farragut will be dispatched south from San Francisco so the Los Angeles Naval Militia will have plenty of real sea drill.

HUGE CAKES CUT BY GERRARD BROTHERS

Two huge cakes made from the staple Triange materials exploited and demonstrated this week by Gerrard Bros. Triange Market in celebrating their first anniversary in their present location, were cut Friday and served all day long to their host of customers who were attracted by this novel treat.

Each cake weighed about 25 pounds and was some two feet square in dimensions. Triange pastry flour, Crescent baking powder and Maltine were some of the ingredients used. The Crescent products were being demonstrated during the week.

One of the cakes had concealed therein a signet ring and a silver dollar. There were 160 pieces distributed from this cake and Mr. Seely was lucky enough to draw the ring and M. B. Runsey the dollar. The second cake was cut at 3 o'clock and about 130 pieces distributed. There were four quarter dollars in this cake besides an order for a 5-pound can of Crescent Baking Powder, value \$1. The quarters were drawn by W. R. Nichols, Miss L. R. Klatt and Mr. Anderson. Mrs. Russell got the can of baking powder.

Manager J. J. Cottrell of the grocery department officiated as the chief cake cutter and dispenser, while Hugh A. Gerrard acted as time-keeper.

WOULDN'T YOU BE PARTIAL TO A MOTOR WITH AT LEAST ONE AND A HALF INCHES MORE STROKE THAN BORE? 3 1/2 x 5 is the most approved practice in modern automobile engineering. It means great economy of fuel, wonderful smoothness and power and LONG LIFE TO ENGINE BEARINGS!

If the stroke is only one-half to seven-eighths of an inch greater than the bore, then you can be absolutely sure of one thing: THE MOTOR WAS DESIGNED NOT LATER THAN 1903-10!

"Cast en bloc" means great steadiness, no vibration, and PERPETUAL ALIGNMENT OF THE CYLINDERS!

You can see, can you not, that a solid casting with four or six small 3/16-inch holes bored in it for cylinders, would be infinitely steadier and more solid than two or three or four separate castings held to each other and to the crank case by means of threaded bolts and nuts? Sure you can!

Four cylinders cast separately means twenty gaskets. Four cylinders cast en bloc means two gaskets.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking on small strands at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, preventing dandruff, itching scalp and falling hair.—Advertisement.
